7. Discussion and possible action regarding Comprehensive Plan revision.

Public Comments opened:

Dawn Haag suggested that the Town start using Deed Notices, filed with the County, to be more precise in the enforcement of the use of densities and parcel development. She also wants building approvals to state that they are specific to the Land Use Plan and the Town Ordinances.

Dawn further advised that the Town be wary of Rural Mixed (RM-8 and above) zoning.

Martha suggested that, like other towns, Primrose requests all RM zoning to go to Rural Residential.

Lynn requested that either the County lists the available densities for properties in the Town, or that the Town require a density study be done, at the developer's expense, prior to coming to the Town for approval.

Public Comments closed:

Martha reported that the survey is coming out and that people will have 3 weeks to complete and return it. She suggested that changes be tabled until the survey results come back.
